

Classroom Letter of Recommendation: Tyvon Moore

To whom it may concern:

I have had the pleasure of getting to know Tyvon the last three school years through classes of mine he has been in. Throughout the school year he has demonstrated knowledge of the subject, as well as being an excellent role model for classroom behavior and leadership. Tyvon will take the initiative on projects, and responds very well to instruction. With Tyvon, I know that he is always actively listening and that I only have to give him a direction one time. He is also very proactive in making sure he stays on top of his workload. I have had thousands of students few the past years and Tyvon is someone I would take in my class any days of the week. If given the chance, there is not a doubt in my mind that Tyvon will be successful in his future endeavors and reach his academic goals.

Mr. Pincus
